EXPERIENCE

Dental Assistant

Wichita Family Dental, Wichita, KS

May 2017 - Present

My responsibility is to seat the patient in the chair and understand their personal issues and relay the information to the dentist. I then assist the dentist with the diagnosed treatment until completion.

- Liaised between patients and dentist to explain and support treatment plan.
- Transfer instruments and provide clear field of view during procedures.
- Offer gentle support and deliver compassionate care during dental procedures.
- Chart patient data and treatment in electronic health records system.
- Educate patients on proper oral care habits and disease prevention.
- Chart conditions of decay and disease to prepare for diagnosis and treatment by dentist.
